

FFSW TECHNICAL DEVELOPMENT PLAN 2010 to 2012

Produced by Paul Wozny, FFSW Technical Director

Aims & Objectives

1. To produce a Technical Coaching Curriculum for the following age groups
 - a. 6 to 8's
 - b. 9 to 10's
 - c. 11's to 14's
 - d. 15s to Seniors
2. The education of Associations, Clubs and Coaches with a planned model on the philosophy and methodology and build a model vehicle to support the region through regular contact with the FFSW Development Coaches.
3. Promotion of the High Performance Centre as the main source for player development between the ages of 6 through to 17 years in providing advanced technical coaching to all players to complement club training.
4. Develop over the next 2 years, a more local HPC coach base (ie Advanced Coach Development) to build and maintain stable and sustainable development programs for players and coaches into the future.
5. Offer coaches regular opportunities to discuss, observe and experience "model" sessions and professional development opportunities (for both Community/Club and Advanced Coaching) which directly follows the FFA Technical Curriculum; including
 - a. In house Sessions within the Coaching Hubs
 - b. FFA Accredited Coaching Courses
 - c. On-line "Coaches Corner" forum opportunities
 - d. Regular access and mentoring by Development Coaches
6. Assist to developing alternative player pathways for Junior players through Asia, including touring and hosting of events within and external to the South West.
7. Build and develop the role of the Development Coaches to a greater weekly commitment to include Schools in a more structured plan for Term 2 of 2011 and in doing so cultivate an in-school model for future schools development.

FFSW DEVELOPMENT COACHES

Implementation Time Frame

Produced by Paul Wozny, FFSW Technical Director
and Amanda Hawkins, Reg'l Administration Mgr

Phase One

Visit all FFSW club coaches via Club Hubs to deliver full explanation of the strategy and implementation of what is on offer; how it is to be "specific and relevant" and how it will be delivered by the Development Coaches including opportunity for discussion and input.

Phase Two

During the 2010 Season provide Club Coaches "In-House" professional development sessions tailored for specific age groups (as determined in the Technical Development Plan). At times these will be delivered by the Technical Director or Specialist Coaches and will be delivered within the Club Hub areas.

Participate and assist with Country Week trials and player identification processes to support the coaching structure and philosophy of the program whilst preparing players and coaches for competition in Sept/Oct.

Technical Director will continue with the production of the FFA aligned Coaching Curriculum. This document will be delivered to Club Coaches by the Development Coaches who will guide them through practical coaching sessions to allow coaches to fully understand the philosophy and methodology required to use the Curriculum to its potential. It is anticipated that the FFSW Coaching Curriculum will be delivered with coaching sessions for all age groups in time for the 2011 pre-season training.

Phase Three

FFA accredited courses and HPC activities to be offered and run out of season. The out of season format will be much different and will give a greater variety and flexibility ie Beach Soccer, Football Fours, Strike Awards etc.

Phase Four

Pre-season Feb to April 2011. Lots of focus will be given to the correct use and valuable tools contained within the Coaching Curriculum, giving coaches and prospective coaches the opportunity to gain more knowledge and confidence with their coaching styles and to give them the opportunity to build their own plan for the new 2011 season.

Feb 2011 - HPC Term One to start.

FFSW PROPOSED CLUB HUB AREAS
